

INDEX

VOLUME 32

INDEX TO SCIENTIFIC PAPERS — 1981

SUBJECT INDEX BY SYSTEMS

Abdomen

- Staging laparotomy for Hodgkin's disease in 69 patients, (Willan), 45
- Psoas hypertrophy mimicking retroperitoneal fibrosis, (McLoughlin), 56
- Primary liver masses in infants, (Macpherson, Saldana, Cone, Mewborne), 81
- Towards efficient urography, (Butler, Jones), 91
- Ultrasonic coronal scanning of left upper quadrant, (Hicken, Sauerbrei, Cooperberg), 107
- Pseudomembranous colitis in renal transplant recipients: plain film findings, (Hutton, Keown), 149
- Colonic obstruction within inguinal hernia, (Javors, Bryk), 162
- Serial radionuclide liver imaging in Budd-Chiari syndrome, (Lisbona, Katz, Mishkin), 175
- Evaluation of double contrast barium enemas performed by radiographic technologists, (Somers, Stevenson, Laufer, Gledhill, Nugent), 227

Accelerator

- Ontario accelerator dose intercomparison study, (Dawson, Rawlinson, Shragge), 49

Aerosol

- Lung imaging in alpha-1-antitrypsin deficiency, (Clague, Vinitski), 242

Alpha-Antitrypsin Deficiency

- Lung imaging in alpha-1-antitrypsin deficiency, (Clague, Vinitski), 242

Ankylosing Spondylitis

- Ankylosing spondylitis in women, (Pastershank), 93

Aorta

- Calcified aortic plug syndrome, (Walter, Olcott, Mehigan, Gonzalez-Lavin), 155

Arteriography

- Intravenous arteriography — a photographic alternative to digital arteriography, (Mehta, Baranoski, Hynes), 229
- Post-traumatic priapism — successful treatment by percutaneous catheter embolization, (McLeod, Clayden, Bonnell), 238

Artery

- Intravenous arteriography — a photographic alternative to digital arteriography, (Mehta, Baranoski, Hynes), 229

Arthritis

- Prevention of arthritis through preservation of cartilage, (Salter), 5

Arthrogyposis

- Separating Larsen syndrome from the "arthrogyposis basket", (Houston, Reed, Desautels), 206
- Separating Pena-Shokeir I syndrome from the "arthrogyposis basket", (Houston, Shokeir), 215
- Separating monosomy-21 from the "arthrogyposis basket", (Houston, Chudley), 220

Barium

- Unsuspected esophageal foreign bodies, (Humphry, Holland), 17
- Inaccuracy of radiographic measurements of colon polyps, (Rose, Stevenson, Somers, Mather), 21
- Colonic obstruction within inguinal hernia, (Javors, Bryk), 162
- Editorial — The role of the technologist, (Reilly), 196
- Evaluation of double contrast barium enemas performed by radiographic technologists, (Somers, Stevenson, Laufer, Gledhill, Nugent), 227
- Esophageal involvement in benign mucous membrane pemphigoid, (Karasick, Mapp, Karasick), 247
- Granular-cell tumors of the esophagus and common bile duct, (Mauro, Jaques), 254

Bone

- Contribution of CT in thoracic bony lesions, (de Gautard, Dussault, Chahlaoui, Durancieu, Sylvestre), 39

- Computed tomography in bone and joint infections, (Azouz), 102
- Tumors of the pubis: an analysis by probabilities, (Macpherson, Halvorsen), 168
- Giant geode (subchondral cyst) in calcium pyrophosphate deposition disease of the wrist, (Weinberg, Scott), 171
- Femoral osteomyelitis secondary to diverticulitis, (McCrea, Wagner), 181
- Right or left intervertebral foramina? A simple method, (Pope, Jr., Riddervold, Frankel), 236
- Coexistent multiple myeloma and Paget's disease of bone, (Wong, Bobechko, Becker, Howe), 251

Bone Tumors

- Contribution of CT in thoracic bony lesions, (de Gautard, Dussault, Chahlaoui, Durancieu, Sylvestre), 39
- Tumors of the pubis: An analysis by probabilities, (Macpherson, Halvorsen), 168

Brain

- Vein of Galen aneurysm — diagnosis by real-time ultrasound, (Newlin, Seeger, Stuck), 224

Breast

- Hemorrhage into the breast, (McCrea), 62
- Limited surgery with or without radiotherapy for early breast carcinoma, (Freeman, Belliveau, Kim, Boivin), 125
- Effect of danazol on the radiographic density of breast parenchyma, (Quimet-Oliva, Van Campenhout, Hébert, Ladouceur), 159

Broncholith

- The wandering broncholith, (Slasky, Lerberg, Herbert), 173

Budd-Chiari Syndrome

- Serial radionuclide liver imaging in Budd-Chiari syndrome, (Lisbona, Katz, Mishkin), 175

Calcium Pyrophosphate

- Giant geode (subchondral cyst) in calcium pyrophosphate deposition disease of the wrist, (Weinberg, Scott), 171

Carcinoma

- Primary liver masses in infants, (Macpherson, Saldana, Cone, Mewborne), 81
- Limited surgery with or without radiotherapy for early breast carcinoma, (Freeman, Belliveau, Kim, Boivin), 125
- Two uncommon malignancies complicating chronic ulcerative colitis, (Barki, Boulton), 136
- Effect of danazol on the radiographic density of breast parenchyma, (Quimet-Oliva, Van Campenhout, Hébert, Ladouceur), 159
- Multi-drug chemotherapy with and without radiation for carcinoma of the stomach and pancreas. A prospective randomized trial, (Hazel, Thirlwell, Huggins, Maksymuk, MacFarlane), 164

Cartilage

- Prevention of arthritis through preservation of cartilage, (Salter), 5

Chemotherapy

- Multi-drug chemotherapy with and without radiation for carcinoma of the stomach and pancreas. A prospective randomized trial, (Hazel, Thirlwell, Huggins, Maksymuk, MacFarlane), 164

Colon

- Inaccuracy of radiographic measurements of colon polyps, (Rose, Stevenson, Somers, Mather), 21
- Two uncommon malignancies complicating chronic ulcerative colitis, (Barki, Boulton), 136
- Pseudomembranous colitis in renal transplant recipients: plain film findings, (Hutton, Keown), 149
- Colonic obstruction within inguinal hernia, (Javors, Bryk), 162
- Editorial — The role of the technologist, (Reilly), 196
- Evaluation of double contrast barium enemas performed by radiographic technologists, (Somers, Stevenson, Laufer, Gledhill, Nugent), 227

Common Bile Duct

- Granular-cell tumors of the esophagus and common bile duct, (Mauro, Jaques), 254

Computed Tomography

- Sagittal and coronal reconstruction in body CT, (Raval, Carey), 35
- Contribution of CT in thoracic bony lesions, (de Gautard, Dussault, Chahlaoui, Duranceau, Sylvestre), 39
- CT of sacroiliac joints in secondary hyperparathyroidism, (Hooze, Li), 42
- Intrathecal herniation of a lumbar disc, (Vas, Molot, Murray), 64
- Computed tomography of the pterygopalatine fossa, (Leekam, TerBrugge, Chiu), 97
- Computed tomography in bone and joint infections, (Azouz), 102

Congenital Disease

- Separating Larsen syndrome from the "arthrogryposis basket", (Houston, Reed, Desautels), 206
- Separating Pena-Shokeir I syndrome from the "arthrogryposis basket", (Houston, Shokeir), 215
- Separating monosomy-21 from the "arthrogryposis basket", (Houston, Chudley), 220

Continuing Education

- Editorial and self-assessment questions, (Cockshott), 3

Contrast Agents

- Adverse reactions to intravenous contrast agents in Ontario, 1975-1979, (Hobbs), 8
- Unsuspected esophageal foreign bodies, (Humphry, Holland), 17

Cyst

- Giant geode (subchondral cyst) in calcium pyrophosphate deposition disease of the wrist, (Weinberg, Scott), 171

Danazol

- Effect of danazol on the radiographic density of breast parenchyma, (Oumet-Oliva, Van Campenhout, Hébert, Ladouceur), 159

Data Transmission

- Comparison of slow scan television and direct viewing of radiographs, (Roberts, House, Cannin), 114

Density

- Effect of danazol on the radiographic density of breast parenchyma, (Oumet-Oliva, Van Campenhout, Hébert, Ladouceur), 159

Digital Imaging

- Intravenous arteriography — a photographic alternative to digital arteriography, (Mehta, Baranoski, Hynes), 229

Diverticulitis

- Femoral osteomyelitis secondary to diverticulitis, (McCrea, Wagner), 181

Dose

- Ontario accelerator dose intercomparison study, (Dawson, Rawlinson, Shragge), 49
- Editorial: The radiation hazard in hospitals — a reappraisal, (Houston), 77
- Fluoroscopic radiation measurement in Saskatchewan, (Brown, Greenberg), 118
- Taux d'exposition en fluoroscopie au Québec, (Carrier, Martel), 121
- Measurement of x-ray exposures using mailed thermoluminescent dosimeters, (Aldrich, Andrew), 202

Editorial Guidelines

- Editorial — Vancouver style, (Lentle), 196
- Information for authors, 2
- Renseignements pour les auteurs, 2

Effusion

- Layering of calcifications in synovial effusions, (Winn, Melhorn, De Smet), 66

Empyema

- Chronic calcified empyema, (Shapir, Lisbona, Palayew), 24

Endometriosis

- A case of intraluminal endometriosis of the ureter, (Slomic, Lawrence, Khor), 244

Esophagus

- Unsuspected esophageal foreign bodies, (Humphry, Holland), 17

- Giant esophageal leiomyoma as a mediastinal mass, (Cohen, Cunat), 129
- Corrosive ingestion: two unusual sites of injury, (Williamson, Hooze), 133
- Esophageal involvement in benign mucous membrane pemphigoid, (Karasic, Mapp, Karasic), 247
- Granular-cell tumors of the esophagus and common bile duct, (Mauro, Jaques), 254

Eye

- Traumatic intraocular air-fluid level, (Smathers, Riddervold), 180

Fatty Lesions

- Thoracic fatty lesions — some usual and unusual appearances, (Chahlaoui, Sylvestre, Dussault, Pinsky, Palayew), 197

Femur

- Femoral osteomyelitis secondary to diverticulitis, (McCrea, Wagner), 181

Fissure

- Air in the inferior accessory fissure of a neonate, (Mandell, Pizzica), 249

Fluoroscopy

- Taux d'exposition en fluoroscopie au Québec, (Carrier, Martel), 121

Foot

- Mid-foot disassociation in rheumatoid-arthritis, (Paster-shank), 166

Foramina

- Right or left intervertebral foramina? A simple method, (Pope, Jr., Riddervold, Frankel), 236

Foreign Bodies

- Unsuspected esophageal foreign bodies, (Humphry, Holland), 17

Geode

- Giant geode (subchondral cyst) in calcium pyrophosphate deposition disease of the wrist, (Weinberg, Scott), 171

Granular-Cell Tumor

- Granular-cell tumors of the esophagus and common bile duct, (Mauro, Jaques), 254

Heart

- Herniation of the heart following left pneumonectomy, (Hidvegi, Abdunour, Wilson), 185

Hematoma

- Spontaneous mediastinal hematoma, (Stilwell, Weisbrod, Ilves), 60

Hemorrhage

- Hemorrhage into the breast, (McCrea), 62

Hernia

- Colonic obstruction within inguinal hernia, (Javors, Bryk), 162
- Herniation of the heart following left pneumonectomy, (Hidvegi, Abdunour, Wilson), 185

Hodgkin's Disease

- Staging laparotomy for Hodgkin's disease in 69 patients, (Willan), 45

Hypertension

- Is the hypertensive urogram a necessary examination? (Lalli), 11

Hypopharynx

- Hypopharyngeal perforation from blunt trauma, (Maxwell, Jr., Ellison), 178

Idiosyncrasy

- Adverse reactions to intravenous contrast agents in Ontario, 1975-1979, (Hobbs), 8

Image Reconstruction

- Sagittal and coronal reconstruction in body CT, (Raval, Carey), 35

Infection

- Computed tomography in bone and joint infections, (Azouz), 102
- Femoral osteomyelitis secondary to diverticulitis, (McCrea, Wagner), 181

Information

- Information for authors, 2
- Renseignements pour les auteurs, 2
- Editorial: Vancouver style, (Lentle), 196

Interventional Arteriography

- Post-traumatic priapism — successful treatment by percutaneous catheter embolization, (McLeod, Clayden, Bonnell), 238

Intervertebral Foramina

- Right or left intervertebral foramina? A simple method, (Pope, Jr., Riddervold, Frankel), 236

Jaundice

- Ultrasonography in evaluation of the jaundiced patient, (Salem, Vas), 30
- Accuracy of sonography and transhepatic cholangiography in obstructive jaundice, (Vas, Salem), 111

Joint

- CT of sacroiliac joints in secondary hyperparathyroidism, (Hooge, Li), 42
- Layering of calcifications in synovial effusions, (Winn, Malhorn, De Smet), 66
- Ankylosing spondylitis in women, (Pastershank), 93
- Computed tomography in bone and joint infections, (Azouz), 102
- Mid-foot disassociation in rheumatoid arthritis, (Paster-shank), 166
- Giant geode (subchondral cyst) in calcium pyrophosphate deposition disease of the wrist, (Weinberg, Scott), 171
- Posterior atlanto-axial subluxation in rheumatoid arthritis, (Hart, Bianchi, Banna), 240

Kidney

- Diminished visualization of renal outlines in adult renal polycystic disease, (McCallum, Gildiner), 13
- Towards efficient urography, (Butler, Jones), 91
- Megacalyces with polycalyces, (Hanaghan, Munro), 131
- Renal transplant uptake of technetium-99m sulfur colloid in various time periods after transplantation, (Peterdy, Sutherland, Jeffery, Benediktsson, Greenberg), 144

Laparotomy

- Staging laparotomy for Hodgkin's disease in 69 patients, (Willan), 45

Larsen Syndrome

- Separating Larsen syndrome from the "arthrogryposis basket", (Houston, Reed, Desautels), 206

Law

- Radiology and vicarious liability, (Rose), 58

Leiomyoma

- Giant esophageal leiomyoma as a mediastinal mass, (Cohen, Cunit), 129

Liability

- Radiology and vicarious liability, (Rose), 58

Limbs

- Observer variation in lower limb venography, (Sauerbrei, Thomson, McLachlan, Musial), 28

Lipoma

- Inspiration-expiration films for mediastinal fatty tumors, (Chahlaoui, Sylvestre, Dussault), 88
- Thoracic fatty lesions — some usual and unusual appearances, (Chahlaoui, Sylvestre, Dussault, Pinsky, Palayew), 197

Liver

- Ultrasonography in evaluation of the jaundiced patient, (Salem, Vas), 30
- Primary liver masses in infants, (Macpherson, Saldana, Cone, Mewborne), 81
- Two uncommon malignancies complicating chronic ulcerative colitis, (Barki, Boulton), 136
- Serial radionuclide liver imaging in Budd-Chiari syndrome, (Lisbona, Katz, Mishkin), 175

Lumbar Disc

- Intrathecal herniation of a lumbar disc, (Vas, Molot, Murray), 64

Lung

- Airless lungs caused by disconnected respirator, (Lederman, Dunbar), 54
- The wandering broncholith, (Slasky, Lerberg, Herbert), 173

- Vineyard sprayer's lung — a rare occupational disease, (Stark), 183

- Herniation of the heart following left pneumonectomy, (Hidvegi, Abdulnour, Wilson), 185

- Mach bands and pneumomediastinum, (Friedman, Lautin, Rothenberg), 232

- Lung imaging in alpha-1-antitrypsin deficiency, (Clague, Vinitski), 242

- Air in the inferior accessory fissure of a neonate, (Mandell, Pizzica), 249

Mach Bands

- Mach bands and pneumomediastinum, (Friedman, Lautin, Rothenberg), 232

Mammography

- Hemorrhage into the breast, (McCrea), 62
- Effect of danazol on the radiographic density of breast parenchyma, (Ouimet-Oliva, Van Campenhout, Hébert, Ladouceur), 159

Measurement

- Inaccuracy of radiographic measurements of colon polyps, (Rose, Stevenson, Somers, Mather), 21
- Measurement of x-ray exposures using mailed thermoluminescent dosimeters, (Aldrich, Andrew), 202

Mediastinum

- Spontaneous mediastinal hematoma, (Stilwell, Weisbrod, Ilves), 60
- Inspiration-expiration films for mediastinal fatty tumors, (Chahlaoui, Sylvestre, Dussault), 88
- Giant esophageal leiomyoma as a mediastinal mass, (Cohen, Cunit), 129
- Mach bands and pneumomediastinum, (Friedman, Lautin, Rothenberg), 232

Medico-Legal Opinion

- Radiology and vicarious liability, (Rose), 58

Monosomy-21

- Separating monosomy-21 from the "arthrogryposis basket", (Houston, Chudley), 220

Mucous Membrane

- Esophageal involvement in benign mucous membrane pemphigoid, (Karasick, Mapp, Karasick), 247

Multiple Myeloma

- Coexistent multiple myeloma and Paget's disease of bone, (Wong, Bobechko, Becker, Howe), 251

Myelography

- Intrathecal herniation of a lumbar disc, (Vas, Molot, Murray), 64

Myelomatosis

- Coexistent multiple myeloma and Paget's disease of bone, (Wong, Bobechko, Becker, Howe), 251

Neonate

- Air in the inferior accessory fissure of a neonate, (Mandell, Pizzica), 249

Observer Variation

- Observer variation in lower limb venography, (Sauerbrei, Thomson, McLachlan, Musial), 28

Occupational Lung Disease

- Vineyard sprayer's lung — a rare occupational disease, (Stark), 183

Ontario

- Ontario accelerator dose intercomparison study, (Dawson, Rawlinson, Shragge), 49

Osteomyelitis

- Computed tomography in bone and joint infections, (Azouz), 102
- Femoral osteomyelitis secondary to diverticulitis, (McCrea, Wagner), 181

Paget's Disease

- Coexistent multiple myeloma and Paget's disease of bone, (Wong, Bobechko, Becker, Howe), 251

Pancreas

- Multi-drug chemotherapy with and without radiation for carcinoma of the stomach and pancreas. A prospective randomized trial, (Hazel, Thirlwell, Huggins, Maksymiuk, MacFarlane), 164

Pemphigus

- Esophageal involvement in benign mucous membrane pemphigoid, (Karasick, Mapp, Karasick), 247

Pena-Shokeir I Syndrome

- Separating Pena-Shokeir I syndrome from the "arthrogryposis basket", (Houston, Shokeir), 215

Penis

- Post-traumatic priapism — successful treatment by percutaneous catheter embolization, (McLeod, Clayden, Bonnell), 238

Perforation

- Hypopharyngeal perforation from blunt trauma, (Maxwell, Jr., Ellison), 178

Pitfall

- Airless lungs caused by disconnected respirator, (Lederman, Dunbar), 54
- Psoas hypertrophy mimicking retroperitoneal fibrosis, (McLoughlin), 56

Pleura

- Chronic calcified empyema, (Shapir, Lisbona, Palayew), 24

Polyps

- Inaccuracy of radiographic measurements of colon polyps, (Rose, Stevenson, Somers, Mather), 21

Priapism

- Post-traumatic priapism — successful treatment by percutaneous catheter embolization, (McLeod, Clayden, Bonnell), 238

Pseudomembranous Colitis

- Pseudomembranous colitis in renal transplant recipients: plain film findings, (Hutton, Keown), 149

Psoas

- Psoas hypertrophy mimicking retroperitoneal fibrosis, (McLoughlin), 56

Pterygopalatine Fossa

- Computed tomography of the pterygopalatine fossa, (Leckam, TerBrugge, Chiu), 97

Pubis

- Tumors of the pubis: an analysis by probabilities, (Macpherson, Halvorsen), 168

Quebec

- Taux d'exposition en fluoroscopie au Québec, (Carrier, Martel), 121

Radiation Hazard

- Ontario accelerator dose intercomparison study, (Dawson, Rawlinson, Shragge), 49
- Editorial: The radiation hazard in hospitals — a reappraisal, (Houston), 77
- Fluoroscopic radiation measurement in Saskatchewan, (Brown, Greenberg), 118
- Measurement of x-ray exposures using mailed thermoluminescent dosimeters, (Aldrich, Andrew), 202

Radiotherapy

- Limited surgery with or without radiotherapy for early breast carcinoma, (Freeman, Belliveau, Kim, Boivin), 125
- Radiation therapy and spontaneous pneumothorax, (Blane, Silberstein, Sue), 153
- Multi-drug chemotherapy with and without radiation for carcinoma of the stomach and pancreas. A prospective randomized trial, (Hazel, Thirlwell, Huggins, Maksymiuk, MacFarlane), 164

Reactions

- Adverse reactions to intravenous contrast agents in Ontario, 1975-1979, (Hobbs), 8

Reconstruction

- Sagittal and coronal reconstruction in body CT, (Raval, Carey), 35

Renal Calyces

- Megacalyces with polycalyces, (Hanaghan, Munro), 131

Renal Polycystic Disease

- Diminished visualization of renal outlines in adult renal polycystic disease, (McCallum, Gildiner), 13

Renal Transplant

- Renal transplant uptake of technetium-99m sulfur colloid in various time periods after transplantation, (Peterdy, Sutherland, Jeffery, Benediktsson, Greenberg), 144
- Pseudomembranous colitis in renal transplant recipients: plain film findings, (Hutton, Keown), 149

Respirator

- Airless lungs caused by disconnected respirator, (Lederman, Dunbar), 54

Retroperitoneal Fibrosis

- Psoas hypertrophy mimicking retroperitoneal fibrosis, (McLoughlin), 56

Rheumatoid Arthritis

- Mid-foot disassociation in rheumatoid arthritis, (Paster-shank), 166
- Posterior atlanto-axial subluxation in rheumatoid arthritis, (Hart, Bianchi, Banna), 240

Saskatchewan

- Fluoroscopic radiation measurement in Saskatchewan, (Brown, Greenberg), 118

Secondary Hyperparathyroidism

- CT of sacroiliac joints in secondary hyperparathyroidism, (Hooze, Li), 42

Self-Evaluation

- Editorial and self-assessment questions, (Cockshott), 3

Soft Tissue Calcification

- Chronic calcified empyema, (Shapir, Lisbona, Palayew), 24
- Layering of calcifications in synovial effusions, (Winn, Melhorn, De Smet), 66
- Calcified aortic plug syndrome, (Walter, Olcott, Mehigan, Gonzalez-Lavin), 155

Spinal Stenosis

- Plain film assessment of spinal canal stenosis, (Omojola, Vas, Banna), 95

Spine

- CT of sacroiliac joints in secondary hyperparathyroidism, (Hooze, Li), 42
- Intrathecal herniation of a lumbar disc, (Vas, Molot, Murray), 64
- Ankylosing spondylitis in women, (Pastershank), 93
- Plain film assessment of spinal canal stenosis, (Omojola, Vas, Banna), 95
- Right or left intervertebral foramina? A simple method, (Pope, Jr., Riddervold, Frankel), 236
- Posterior atlanto-axial subluxation in rheumatoid arthritis, (Hart, Bianchi, Banna), 240

Spontaneous Pneumothorax

- Radiation therapy and spontaneous pneumothorax, (Blane, Silberstein, Sue), 153

Staging Laparotomy

- Staging laparotomy for Hodgkin's disease in 69 patients, (Willan), 45

Standards of Practice

- Is the hypertensive urogram a necessary examination? (Lalli), 11
- Radiology and vicarious liability, (Rose), 58
- Editorial — The role of the technologist, (Reilly), 196
- Evaluation of double contrast barium enemas performed by radiographic technologists, (Somers, Stevenson, Laufer, Gledhill, Nugent), 227

Stomach

- Multi-drug chemotherapy with and without radiation for carcinoma of the stomach and pancreas. A prospective randomized trial, (Hazel, Thirlwell, Huggins, Maksymiuk, MacFarlane), 164

Subluxation

- Posterior atlanto-axial subluxation in rheumatoid arthritis, (Hart, Bianchi, Banna), 240

Synovium

- Layering of calcifications in synovial effusions, (Winn, Melhorn, De Smet), 66

Technetium-99m Sulfur Colloid

- Renal transplant uptake of technetium-99m sulfur colloid in

- various time periods after transplantation, (Peterdy, Sutherland, Jeffery, Benediktsson, Greenberg), 144
- Serial radionuclide liver imaging in Budd-Chiari syndrome, (Lisbona, Katz, Mishkin), 175
- Lung imaging in alpha-1-antitrypsin deficiency, (Clague, Vinitski), 242

Technologist

- Editorial — The role of the technologist, (Reilly), 196
- Evaluation of double contrast barium enemas performed by radiographic technologists, (Somers, Stevenson, Laufer, Gledhill, Nugent), 227

Thermoluminescent Dosimetry

- Measurement of x-ray exposures using mailed thermoluminescent dosimeters, (Aldrich, Andrew), 202

Thorax

- Chronic calcified empyema, (Shapir, Lisbona, Palayew), 24
- Contribution of CT in thoracic bony lesions, (de Gautard, Dussault, Chahlaoui, Duranceau, Sylvestre), 39
- Airless lungs caused by disconnected respirator, (Lederman, Dunbar), 54
- Spontaneous mediastinal hematoma, (Stilwell, Weisbrod, Ives), 60
- Inspiration-expiration films for mediastinal fatty tumors, (Chahlaoui, Sylvestre, Dussault), 88
- Giant esophageal leiomyoma as a mediastinal mass, (Cohen, Cunat), 129
- Corrosive ingestion: two unusual sites of injury, (Williamson, Hooge), 133
- Radiation therapy and spontaneous pneumothorax, (Blane, Silberstein, Sue), 153
- Calcified aortic plug syndrome, (Walter, Olcott, Mehigan, Gonzalez-Lavin), 155
- The wandering broncholith, (Slasky, Lerberg, Herbert), 173
- Vineyard sprayer's lung — a rare occupational disease, (Stark), 183
- Herniation of the heart following left pneumonectomy, (Hidvegi, Abdulnour, Wilson), 185
- Thoracic fatty lesions — some usual and unusual appearances, (Chahlaoui, Sylvestre, Dussault, Pinsky, Palayew), 197
- Mach bands and pneumomediastinum, (Friedman, Lautin, Rothenberg), 232
- Lung imaging in alpha-1-antitrypsin deficiency, (Clague, Vinitski), 242
- Esophageal involvement in benign mucous membrane pemphigoid, (Karasick, Mapp, Karasick), 247
- Air in the inferior accessory fissure of a neonate, (Mandell, Pizzica), 249

Transhepatic Cholangiography

- Accuracy of sonography and transhepatic cholangiography in obstructive jaundice, (Vas, Salem), 111

Trauma

- Prevention of arthritis through preservation of cartilage, (Salter), 5
- Corrosive ingestion: two unusual sites of injury, (Williamson, Hooge), 133
- Hypopharyngeal perforation from blunt trauma, (Maxwell, Jr., Ellison), 178
- Traumatic intraocular air-fluid level, (Smathers, Ridder-vold), 180
- Post-traumatic priapism — successful treatment by percutaneous catheter embolization, (McLeod, Clayden, Bonnell), 238

Trial

- Multi-drug chemotherapy with and without radiation for carcinoma of the stomach and pancreas. A prospective randomized trial, (Hazel, Thirlwell, Huggins, Maksymiuk, MacFarlane), 164

Tumor

- Inaccuracy of radiographic measurements of colon polyps, (Rose, Stevenson, Somers, Mather), 21
- Contribution of CT in thoracic bony lesions, (de Gautard, Dussault, Chahlaoui, Duranceau, Sylvestre), 39
- Primary liver masses in infants, (Macpherson, Saldana, Cone, Mewborne), 81
- Effect of danazol on the radiographic density of breast parenchyma, (Oumet-Oliva, Van Campenhout, Hébert, Ladouceur), 159
- Multi-drug chemotherapy with and without radiation for carcinoma of the stomach and pancreas. A prospective randomized trial, (Hazel, Thirlwell, Huggins, Maksymiuk, MacFarlane), 164

- Tumors of the pubis: an analysis by probabilities, (Macpherson, Halvorsen), 168
- Thoracic fatty lesions — some usual and unusual appearances, (Chahlaoui, Sylvestre, Dussault, Pinsky, Palayew), 197
- Coexistent multiple myeloma and Paget's disease of bone, (Wong, Bobechko, Becker, Howe), 251
- Granular-cell tumors of the esophagus and common bile duct, (Mauro, Jaques), 254

Ulcerative Colitis

- Two uncommon malignancies complicating chronic ulcerative colitis, (Barki, Boulton), 136

Ultrasonography

- Ultrasonography in evaluation of the jaundiced patient, (Salem, Vas), 30
- Ultrasonic coronal scanning of left upper quadrant, (Hicken, Sauerbrei, Cooperberg), 107
- Accuracy of sonography and transhepatic cholangiography in obstructive jaundice, (Vas, Salem), 111
- Vein of Galen aneurysm — diagnosis by real-time ultrasound, (Newlin, Seeger, Stuck), 224

Ureter

- A case of intraluminal endometriosis of the ureter, (Slomic, Lawrence, Khor), 244

Urography

- Is the hypertensive urogram a necessary examination? (Lalli), 11
- Diminished visualization of renal outlines in adult renal polycystic disease, (McCallum, Gildiner), 13
- Towards efficient urography, (Butler, Jones), 91
- Megacalyces with polycalyces, (Hanaghan, Munro), 131
- A case of intraluminal endometriosis of the ureter, (Slomic, Lawrence, Khor), 244

Uterus

- A case of intraluminal endometriosis of the ureter, (Slomic, Lawrence, Khor), 244

Vancouver Style

- Editorial — Vancouver style, (Lentle), 196

Vein of Galen

- Vein of Galen aneurysm — diagnosis by real-time ultrasound, (Newlin, Seeger, Stuck), 224

Venography

- Observer variation in lower limb venography, (Sauerbrei, Thomson, McLachlan, Musial), 28

Wrist

- Giant geode (subchondral cyst) in calcium pyrophosphate deposition disease of the wrist, (Weinberg, Scott), 171
